

Building & Pool Maintenance Technician

COM Aquatics Non-Profit Organization– Midland, TX

Position Overview

COM Aquatics is seeking a dependable and motivated Building & Pool Maintenance Technician to support the daily operations of our aquatic facility in Midland, Texas. This position plays a key role in maintaining a clean, safe, and fully operational environment for staff, athletes, and guests.

Key Responsibilities

- Perform routine maintenance and minor repairs on facility systems, including plumbing, lighting, HVAC, doors, and fixtures
- Maintain indoor and outdoor aquatic facilities, including pools, decks, locker rooms, and mechanical rooms
- Test pool water, adjust chemical levels, and maintain accurate chemical and safety logs
- Clean pools, decks, and surrounding areas to ensure safety and presentation standards are met
- Inspect equipment regularly and report or address mechanical or safety issues
- Assist with preventative maintenance to extend the life of facility and pool equipment
- Respond to maintenance requests and urgent repair needs in a timely manner
- Ensure compliance with health department regulations and safety standards
- Coordinate with supervisors, vendors, and contractors as needed

Qualifications

- Experience in facility, building, or pool maintenance preferred
- Knowledge of basic plumbing, electrical, and mechanical systems
- Familiarity with pool operations and water chemistry (CPO certification preferred or willingness to obtain)
- Ability to work independently and as part of a team
- Strong attention to detail and safety awareness
- Physical ability able to lift 50lbs, bend, stand for extended periods, and work in wet & outdoor environments

Schedule & Work Environment

- Combination of indoor and outdoor work
- Will include early mornings, evenings, weekends, on-call & event-based hours

Why Work at COM Aquatics?

- Be part of a respected aquatic organization serving athletes and the community
- Work in a team-oriented, mission-driven environment
- Opportunities for training and certification
